INSTITUTE OF TECHNOLOGY

HLT55118 DIPLOMA OF DENTAL TECHNOLOGY

DELIVERY MODE: CLASSROOM BLENDED

Table of Contents

1. Training Package Information

Training Package Code	HLT
Training Package Name	Health
Version (Release) of Training Package	9.2
Date (Release) of Training Package	01/07/2023
Endorsement Date of Training Package	01/07/2013
Qualification Code/Name	HLT55118 Diploma of Dental Technology
CRICOS Code	0100881
Version (Release) of the qualification	4.0
Date (Release) of the qualification	01/07/2023
AQF Level	Level 5
Qualification Description	This qualification reflects the role of a dental technician responsible for construction and repair of dentures and other dental appliances including crowns, bridges, partial dentures, pre- and post-oral and maxillofacial surgical devices, and orthodontic appliances. Dental technicians work in dental laboratories on their own or in groups, under the prescription of dentists, dental prosthetists or dental specialists. No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.
Licensing / Regulatory Information	Not Applicable
Entry requirements	**Nil** *(this qualification does not have mandatory entry requirements at the time of publication on training.gov.au)*

2. Packaging Rules

Packaging Rules	**Packaging Rules**
	25 units of competency are required for award of this qualification including:
	- 21 core units
	- 4 elective units, consisting of:
	    - at least 3 units from the electives listed on
	      https://training.gov.au/Training/Details/HLT55118

		-	1 unit from the units listed on TGA; any endorsed Training Package or accredited course. Selected units must be relevant to the work outcome.

All electives chosen must contribute to a valid, industry-supported vocational outcome.

For more information on the packaging rules, please visit https://training.gov.au/Training/Details/HLT55118

Units of Competency	Consistent with the qualification packaging rules, the units listed below are delivered for this qualification. The choices of elective units are based on conversations with employers and/or industry consultants regarding skills gaps or areas of increased pressure on service delivery.

Phase	No	Unit Code	Unit Title	Core (C) Elective (E)
Introduction to working in dental industry	1	CHCCOM005	Communicate and work in health or community services	C
	2	CHCDIV001	Work with diverse people	C
Building soft skills in communication, management and resourcing	3	BSBADM311	Maintain business resources	E
	4	BSBCUS301	Deliver and monitor a service to customers	E
	5	BSBRKG403	Set up a business or records system for a small business	E
Working safely and infection control	6	HLTAID011	Provide first aid	C
	7	HLTINF006	Apply basic principles and practices of infection prevention and control	C
	8	HLTWHS003	Maintain work health and safety	C
Basic skill sets in dental laboratory	9	HLTDET001	Construct models	C
	10	HLTDET002	Construct custom impression trays	C
	11	HLTDET005	Construct thermoformed bases and appliances	C
	12	HLTDET003	Construct registration rims	C
	13	HLTDET004	Articulate models and transfer records	C
Splints and Orthodontics	14	HLTDET013	Construct oral splints	C
	15	HLTDET012	Construct orthodontic appliances	C
Prosthetics (dentures)	16	HLTDET007	Construct removable acrylic partial dentures	C
	17	HLTDET014	Repair and modify dentures and appliances	C
	18	HLTDET015	Construct complete removable acrylic dentures and appliances	C
	19	HLTDET006	Construct immediate dentures	C
	20	HLTDET008	Construct cast alloy removable partial denture framework	C

	Crown and Bridge and Ceramics	21	HLTDET010	Join alloy structures	C
		22	HLTDET009	Construct crown and bridge structures	C
		23	HLTDET011	Construct ceramic and fixed restorations	C
	CAD/CAM	24	HLTDET016	Design digital dental restorations and appliances using computer-aided design (CAD)	C
		25	HLTDET017	Construct dental restorations and appliances using computer-aided manufacturing (CAM)	E

No prerequisite and/or corequisite units in this qualification.

3. Educational Pathways

Pathways into the qualification	Students may have completed previous Certificate III qualification in Dental Laboratory Assisting or Certificate III in Dental Assisting.
Pathways from the qualification	Learners who successfully complete this qualification may progress into further studies such as: • Higher education in dental technology OR • Advanced Diploma of Dental Prosthetics
Employment Pathways	Graduates may find employment in dental Industry as a: • Dental technician in dental surgeries, dental laboratories or denture clinics • Dental laboratory owner/operator *It is not, however, intended to indicate that an individual will gain immediate employment on completion of this qualification.

4. Learner Characteristics

Key characteristics of target learner cohort	The key characteristics of target learner cohort are: Individuals who have little or no prior knowledge or experience in this industry and are: • planning to pursue a career specific to the dental technology sector and gain a qualification; • able to attend regular face-to-face classes • Individual who are 18 years or older • Have physical attribute suitable for work as a dental technician

5. RTO's admission requirements

The HLT55118 Diploma of Dental Technology allows direct entry into this qualification at the time of publication in training.gov.au. However, the RTO requires candidates to meet its admission requirements prior to enrolling into this qualification to ensure that they have the required skills and knowledge to successfully complete the qualification at this AQF level. This consists of:

Domestic Students	▪ Minimum age of 18 years and above
	▪ Satisfactory completion of the equivalent of Australian Year 12 or higher
	▪ Have physical attributes suitable for placement in the dental industry that encompasses manual handling of equipment (i.e. operating dental technician machinery and moving various dental technician materials such as plaster bags)
	Additionally, the learner is required to:
	▪ Complete the Pre-Training Review which aims to identify training needs through questions on previous education or training, relevance of the courses to learner and relevant experience.
	▪ Complete the Language, Literacy and Numeracy and Digital Literacy Skills (LLND) test
	If the learner has done the Pre-Training Review and LLND assessment previously at Menzies Institute of Technology for a previous qualification in the same stream enrolment then it is not required.

International Students	▪ Minimum age of 18 years and above
	▪ Satisfactory completion of the equivalent of Australian Year 12 or higher
	▪ Have physical attributes suitable for placement in the dental industry that encompasses manual handling of equipment (i.e. operating dental technician machinery and moving various dental technician materials such as plaster bags)
	▪ English Language Requirements
	1.

IELTS (General or Academic) overall	PTE Academic	TOEFL PB	TOEFL IBT	CAE Scale	ELICOS (General English)
5.5	46	506	62	162	n/a
5.0	38	478	51	154	+ 15 weeks
4.5	30	450	40	146	+ 30 weeks

Note: Results older than two years are not acceptable (for offshore applicants)
OR
2. Evidence that they have studied in English for at least five years in Australia, Canada, New Zealand, Republic of Ireland, South Africa, United Kingdom or United States
OR
3. Evidence that, within two years of their application date, they have successfully completed in Australia a foundation course or a senior secondary certificate of education or a Certificate III or higher level qualification, from the Australian Qualifications Framework.
OR
4. Applicants originating from students visa assessment levels 1 and 2 countries without the required IELTS or equivalent score must undertake the Language, Literacy and Numeracy and Digital Literacy Skills (LLND) test. For further information on student visa assessment levels visit Department of Home Affairs' website at www.homeaffairs.gov.au.

Additionally, the learner is required to:
Onshore International Students
o Complete the Pre-Training Review which aims to identify training needs through questions on previous education or training, relevance of the courses to learner and relevant experience.

Offshore International Students
o Complete the Pre-Training Review which aims to identify training needs through questions on previous education or training, relevance of the courses to learner and relevant experience. This will be conducted either via video call (e.g. Skype) or phone call to the prospective learner.

	If the learner has done the Pre-Training Review and LLND assessment previously at Menzies Institute of Technology for a previous qualification in the same stream enrolment then it is not required.
Other Conditions	o Complete the Language, Literacy and Numeracy and Digital Literacy Skills (LLND) test prior to the commencement of the course o Students required to invest approximately 4 hours per week self-directed learning to complete self-study and assessments during the training weeks and does not include term breaks and work placement.

6. Training/Delivery Arrangements and Strategies

Delivery Location	Melbourne, Victoria.	
	Location	Student Capacity
	Level 4, 355 Spencer Street West Melbourne 3003 – Training sessions and Simulation Dental Technology laboratory (Primary site)	400
	This course will only be delivered and assessed in Victoria and not offered for interstate students.	
Delivery Mode	Classroom Blended including classroom sessions, self-study and theory assessments at home and simulated workplace environment.	
Training support after the classroom training sessions	• Training support is provided following the training session; or • Learners may make individual appointments for training support if required. • Training support can be provided via face-to-face, phone, skype or email.	
Individual Learning & Reflection / Self-paced	• All the student receives Canvas LMS login so they can refer to a range of videos, links, interactive training materials, E-Books in their own time. • Trainer will provide quizzes to the students to complete in their own time and discuss the quizzes in the next session/s. These quizzes are not recorded and main purpose is to prompt student on self-paced learning. Please refer the session plan for the further information. • Completion of self-study will be checked by the trainer to guide student's progress in the unit but not recorded. Trainers will ask students questions related to their self-study each week to make sure that students have gained the knowledge related to the quiz.	
Assessment	Some assessment tasks need to be completed outside the classroom environment especially theory assessments.	

7. Course Duration

Course Duration	Full time: over a period of 95 weeks o 95 weeks of delivery is inclusive of 15 weeks holiday breaks. o Supervised Classroom sessions 20 hours per week on campus o Additional Training Support hours including any learning assistance provided to students after the classroom sessions or on additional request by learners outside of supervised classroom session hours either via face-to-face or phone, skype or email to support learners to undertake their individual self-learning activities and assessments outside of classroom hours. o Completion of Individual Learning and Reflection/Self-Paced learning hours are not monitored by the Trainers/Assessors and form part of "unsupervised hours". Trainers will

	ask students questions related to their Individual Learning after each week's class session to ensure and verify that students have gained the knowledge related to the quizzes.
	Note: No classes on public holidays. If any class days fall on a public holiday then the session with be allocated to another day in that week so that the amount of training supervised hours are consistent regardless of public holiday
	Refer to the Delivery Structure and Delivery Hours table below for the breakdown of delivery hours.

8. Delivery Details/Strategies

Delivery methods	The range of delivery methods may include, but not limited to the following: • lectures / Instructions • pre-reading • demonstrations and modelling • practice opportunities • brainstorming activities • group discussions • guided facilitation of individual or group learning activities, group work or project-based case studies
Delivery Structure	• Delivery structure is comprised of classroom training sessions, training support, learning activities, work placement, self-paced (to allow the learners to absorb and reflect on their learning and to engender deep rather than surface learning) • The unit of competency will be delivered and assessed as stand-alone units (i.e. no clustering of units)
Units of Competency	• All units to be delivered and assessed are listed in Section 19 - Training and Delivery Structure.

9. Assessment Details and Arrangements

The assessment details and arrangements explain the assessment strategies to be employed. For further information on protocols and policies on assessments and re-assessments, please refer to the MITP13 Assessment and Reassessment Policy and Procedure.

Assessments	• Theory Assessment Tasks will be completed by the students outside the Menzies Campus and on the student's own time as unsupervised hours. All Simulated Practical assessment tasks will be conducted and completed on Menzies Campus at Menzies Dental Technology Laboratory as supervised hours. • Work Placement Assessments are completed for the following unit(s), HLTWHS003 conducted during student's visit to a real workplace. Note: Please refer to the Individual Assessment Task information for Students and Assessor for the further information. • Assessments will address: • Application of the Unit statement • Elements • Performance Criteria • Performance Evidence • Assessment Conditions

	• Knowledge Evidence • Foundation Skills • Dimensions of competency • Where a learner's work is assessed to be 'not satisfactory', the learner will be provided with additional support, coaching or tutoring and the opportunity to re-submit the work. • Specific assessment conditions relevant to each unit are detailed in the Assessment Tasks information for Students and Assessors. • Learners are provided with Assessment Task and instructions as to how the assessment will be conducted and by whom. • Assessors have flexibility (according to the requirements of the Training Package, including the Performance Evidence and Assessment Conditions for each unit of competency) to accept other forms of evidence from individual learners (e.g. oral questioning, observations). • All assessment will be conducted in accordance with the Training Package requirements, Principles of Assessment and Rules of Evidence (https://www.asqa.gov.au/standards/training-assessment/clauses-1.8-to-1.12) Assessment methods to be used for each unit of competency are outlined in Section 13 – Assessment Methods Matrix below.
Establish the Assessment Context	The assessor establishes the context and purpose of the assessment by identifying the relevant competency standards, assessment guidelines and identifies the training and assessment materials that have been developed to facilitate the learning and assessment process. It is, therefore, important to establish some of the most common assessment contexts, such as: • The environment in which the assessment will be carried out, including real or simulated work and Work Health and Safety (WHS) issues • Opportunities for gathering evidence in several situations • The purpose of assessment • Who carries out the assessment • The period during which the assessment takes place • Apportioned costs or fees (if applicable) • Ensuring that regardless of location or modality, the assessment would be consistent
Submission of Assessments and Feedback	• Schedule of submission of assessments are usually indicated on the timetables/unit outline. Adjustments can be made on discretion of the trainer/assessor. • Learners must submit all Theory Assessments via the CANVAS LMS system. All Simulation Practical Assessments are observed by the Assessor directly and completed on paper. All Work Placement Assessment Tasks are to be completed on paper by Learners and submitted to the Assessor and Assessors complete their observation notes for assessment tasks on paper. • Completed and submitted work will be assessed within fifteen (15) working days from the date of submission by the Assessor. • Feedback is provided to the learner as soon as practicable.
Marking and Recording of Assessments	1. The Trainer/Assessor must: • Record the assessment outcomes for each completed assessment task and mark either 'Satisfactory' or 'Not Satisfactory'. • On completion of all assessment tasks, the overall assessment decision is to be recorded as either 'Competent' or 'Not Yet Competent'. • Submit evidence of student's assessments and outcome records on a Student Unit Competency File.

	2. The Student Administration Department must:
	• Record the results into the Student Management System
	• File the original assessments into the Student Unit Competency File.
	• Store in the designated secure and locked location of the Student Unit Competency File for evidence keeping.

10. Assessment Requirements

Requirements for assessments	• The assessment pack for each unit of competency specifies the method of assessment to be undertaken by the learner. • Assessment Instructions for each assessment task and activities are clear such as - what to expect, when, how, where, etc. • Templates are provided, if required, with each skill test/ assessment task. • Performance criteria is provided to each skill test/ assessment task but not directly copied from TGA. • Benchmarks are set, detailed and clearly set out on the assessor resources (marking guide consist of all expected accurate or variable response that is 'nearly', ' closely' or 'exactly' expected for the task) • Evidence requirements in the marking guide are measurable. • The instructions provided to the learner ensure that the learner cannot misinterpret the requirements and provide alternative evidence. • The assessments are mapped against the unit requirements for the units in the qualification and are indicated in the mapping document of each unit. • Assessment Conditions are specified in the assessment tasks. • Foundation skills are addressed and mapped adequately in the mapping document. • Trainer/Assessor's feedback are recorded to inform learners on the outcomes of each assessment they undertake. • Cumulative assessment records are kept to monitor learner progression.
Assessment Tools	RTO has assessment tools developed for each unit of competency. An assessment tool includes the following components: • Assessment type and assessment task description • The context and conditions for the assessment • Resubmissions and reattempts • Location (where assessment is conducted) • The tasks to be administered to the candidate • Information regarding how trainers/assessors will assess the work • An outline of the evidence to be gathered from the candidate and the evidence criteria used to judge the quality of performance (i.e. the assessment decision-making rules). • The relevant administration, recording and reporting requirements. Refer to the Assessment Methods Matrix below that indicates the available assessment tools for this qualification.

11. Assessment Methods Matrix

Unit Code	Unit Name	Written Test	Simulated tasks including role play	Assignment	Workplace Task	Project	Online test
CHCCOM005	Communicate and work in health or community services	×	×	×			
CHCDIV001	Work with diverse people	×	×			×	
BSBADM311	Maintain business resources	×				×	
BSBCUS301	Deliver and monitor a service to customers	×				×	
BSBRKG403	Set up a business or records system for a small business	×				×	
HLTAID011	Provide first aid	×	×				
HLTINF006	Apply basic principles and practices of infection prevention and control	×	×				×
HLTWHS003	Maintain work health and safety	×		×	×		
HLTDET001	Construct models	×	×	×			
HLTDET002	Construct custom impression trays	×	×	×			
HLTDET005	Construct thermoformed bases and appliances	×	×	×			
HLTDET003	Construct registration rims	×	×	×			
HLTDET004	Articulate models and transfer records	×	×	×			
HLTDET013	Construct oral splints	×	×	×			
HLTDET012	Construct orthodontic appliances	×	×	×			
HLTDET007	Construct removable acrylic partial dentures	×	×	×			
HLTDET014	Repair and modify dentures and appliances	×	×	×			
HLTDET015	Construct complete removable acrylic dentures and appliances	×	×	×			
HLTDET006	Construct immediate dentures	×	×	×			
HLTDET008	Construct cast alloy removable partial denture framework	×	×	×			
HLTDET010	Join alloy structures	×	×	×			
HLTDET009	Construct crown and bridge structures	×	×	×			
HLTDET011	Construct ceramic and fixed restorations	×	×				
HLTDET016	Design digital dental restorations and appliances using computer-aided design (CAD)	×	×	×			
HLTDET017	Construct dental restorations and appliances using computer-aided manufacturing (CAM)	×	×				

12. Assessment Feedback

Assessment Feedback	Feedback and input from learners and other stakeholders will be sought, analysed and acted upon, where necessary, on a regular basis. Information gained will form part of any review of materials and during the validation processes.
	Feedback will be sought through the following process:
	Feedback from learners:
	• To assist with continuous improvement processes, learners are given opportunities to provide feedback during the course of their study and at the end of the course.
	• They are also given a satisfaction survey at the completion of the course
	Trainer feedback and comments:
	• Feedback from trainers/assessor are formally sought during the scheduled validation activities.

13. Complaints and Appeals

Complaints and Appeals	**Complaints**
	• Learners are informed of RTO's Complaints and Appeals Policies via the RTO's website and during the Orientation Session.
	• If a learner has a complaint, they are encouraged to speak immediately with the trainer to resolve the issue. If the learner is not satisfied and the issue has not been resolved, the learner will be asked to complete a Complaint/Appeal Form available from either the trainer or administration staff for referral to the compliance manager who will then investigate the complaint and advise the complainant of the outcome, in writing.
	Refer to the following documents for further details of Complaints:
	• MITP07 Complaints and Appeals policy and procedure
	• MFS04 Complaints and Appeals Form
	Assessment decision appeal
	• If a Learner was assessed as 'Not Yet Competent' in any performance criteria, they are to be provided the opportunity for reassessment. A time for re-assessment is to be set at a mutually agreeable time.
	• The learner is granted two attempts to complete each task satisfactorily without any cost to the learner. If deemed 'Not Yet Competent' after the second attempt, the learner will be required to do further training before reattempting the unit.
	• Fees may apply if learner is to repeat the unit or further re-assessment required. Please refer to **MITP13 Assessment and Reassessment Policy and Procedure**
	• In the event that a learner is again assessed 'Not Yet Competent' and if a learner believes that they have not received a fair and accurate assessment of the unit requirements then they should follow the appeals procedure.
	For more information, please refer to **MITP07 Complaints and Appeal Policy and Procedure.**

14. Monitoring Attendance and Course Progress

Course Completion and monitoring course progress	Course attendance and progress is monitored in order to assist learners to achieve successful completion and course outcomes by: • early detection of learners whose course progress is less than satisfactory and who may need appropriate learning support, resource and assistance; and • identifying and excluding learners who continue to make unsatisfactory progress including the strategy for early exit from a qualification. • Contacting (by phone or email) those learners with poor attendance and have not contacted their trainer to discuss any difficulties which may be impacting their ability to participate in the course and on how the RTO can provide reasonable support that may be relevant to their situation. For more information, refer to the **MITP01 Vocational Attendance Recording, Monitoring and Reporting Policy and Procedure** and **MITP02 Vocational Course Progress Recording, Monitoring and Reporting Policy and Procedure** for further information.

15. Performance and knowledge evidence

Performance and knowledge evidence	During the course, trainers and assessors will use a variety of methods to gather evidence of performance and knowledge including: • **Direct** This involves the assessor directly observing the learner performing the tasks which facilitate a decision of 'satisfactory' and 'not satisfactory' until all assessments for the unit have been completed and then it becomes 'Competent' or 'Not Yet Competent'. • **Indirect** This involves evidence which supports the learner being able to complete a task. For example: 　　o　a written assessment piece responding to specific knowledge questions 　　o　any documentation prepared as part of this training program

16. Training and Delivery Structure

Total Volume of Learning Hours = Supervised Training and Assessments Hours + Unsupervised Hours

Supervised Training and Assessment Hours explanation

Title	Explanation
Supervised Classroom Learning and Training Hours	The number of hours with Trainer supervision and delivery of learning content (i.e. lectures, discussions, reflection). Please refer to Session Plan of each unit of competency for breakdown of the sessions.
Supervised Simulation Practical Demonstration and Simulation Practical Assessment Hours on Campus	The number of hours with Trainer/Facilitator supervision for simulation practical demonstrations and assessments. Please refer to Session Plan of each unit of competency for breakdown of the sessions.
Work Placement Hours and Work Placement Assessment Hours	The number of hours completed during Work Placement Experience which includes hours for assessments completion.

Unsupervised Hours explanation

Title	Explanation

Individual Learning & Reflection / Self-paced Hours outside of Classroom/Campus	Students to complete additional learning activities and quizzes outside of the formal training hours to build on their learning and knowledge.
Theory Assessments hours completed outside of classroom and on student's own time	Students to complete all theoretical assessments outside of classroom hours and on their own time

Note:

1. *If any class days fall on a public holiday then the session with be allocated to another day in that week so that the amount of training supervised hours are consistent regardless of public holiday*
2. *Students undertake the self-directed learning to be able to complete the assessment tasks.*

Unit Code	Unit Title	Core (C) Elective (E)	Supervised Classroom Training Hours	Supervised Simulation Practical Demonstration and Simulation Practical Assessment Hours	Supervised Workplace Assessment Task hours	TOTAL SUPERVISED HOURS	Individual Learning & Reflection / Self-paced Hours outside of Classroom/Campus	Theory Assessments hours completed outside of classroom and on student's own time	TOTAL UNSUPERVISED HOURS	TOTAL VOLUME OF LEARNING HOURS = SUPERVISED HOURS + WORK PLACEMENT HOURS + UNSUPERVISED HOURS	NCVER HOURS

17. Facilities and Resources

Training Resources	**Learning & Assessment Resources provided by the Institute to Students** ☑ **Textbook #1: Basics of Dental Technology, 2ⁿᵈ Edition, Johnson** ☑ **Learner Workbook, Learner Guide and Powerpoints** Learner guide for each unit provided to the students and is the core learning material for students. Learner workbook has questions that students complete to check their knowledge and form formative assessments to provide underpinning knowledge and skills to all the students prior to summative assessments. Formative assessment may include: • Quizzes • Short answer questions • Practical demonstration checklists ☑ **Other handouts** For each unit of competency, there are additional handouts and supplementary resources available. Refer to the *Student Unit Guide* and *Session Plan* of each unit of competency for information. ☑ **Access to Office365 Student Email Accounts and Office Software** Each student will be provided with Office365 student account to access Microsoft software (Word, Powerpoint, Excel etc) and also provided with dedicated Menzies Student email account. ☑ **Learning Management System - CANVAS** Students and Trainers will have Canvas LMS platform login to access range of resources including but not limited to videos, link, reading material, digital and audio books and quizzes. ☑ **Dental Technician Tool Kit and Dental Materials** Each student will be provided with 1 x Dental Technician tool kit for them to use throughout the course. This tool kit is purchased externally as part of their material fees. All dental materials used during the practical sessions are provided to the student as part of their material fees. ☑ **Dental Technology Practical Uniform** Each student will be provided with 2 pieces of dental technology laboratory coat. ☑ **Other relevant PPE provided by the institute:** • Face mask • Gloves • Safety glasses **Learning & Physical Resources that the students must provide** • Textbook #2: Anatomy of Orofacial Structures, 8ᵗʰ Edition, Brand • Textbook # 3: Introductions to Dental Materials, 4ᵗʰ Edition, van Noort • General stationery for study (e.g. pens, notebooks) • Computer or tablets with stable internet connection **Appropriate clothing requirements for practical sessions:** Appropriate clothing (e.g. uniform), presentation and footwear for practical sessions. The guidelines are as follows:

	o Uniform must be worn in clinical area which must be ironed and look tidy. Tie up hair if the length is beyond your shoulder o Wear closed toe shoes (no runners, ugg boots or sandals) and dental laboratory appropriate clothes (no jeans or denim). o Hair is neatly presented and is off your face and above your collar. o Remove all rings and wrist jewellery including watches during practical sessions. The only jewellery permitted is ear studs/nose studs. o Fingernails must be short and filed. o No fingernail extensions ('acrylics') are allowed and no nail polish allowed. **Physical Resources & Equipment for each unit of competency** The following physical resources will be provided: ▪ Theory classrooms ▪ AV Equipment ▪ Whiteboard ▪ Internet access ▪ Simulation Dental Technology Laboratory at 355 Spencer Street Campus ▪ Printer at 355 Spencer Street Campus ▪ Student common areas (lunch, study, recreation) **Consumable Resources and Equipment required for each unit of competency** The consumable resources and equipment required for each Unit of Competency is outlined in the Session Plan for the unit of competency.

18. Access and Equity

Access and Equity	Principles, practices and legislative requirements relating to equity, access, anti-discrimination and social justice will be addressed in all aspects of the implementation of the training and assessment strategy. Where practical, student special needs will be identified prior to students' commencing programs. Customized delivery and assessment strategies, including reasonable adjustments, will be designed to meet client needs. The RTO has a range of student support services that students are able to access. Support services include student administration services, academic support services to assist students who may require further assistance.

19. Reasonable Adjustments and Learner Support

Reasonable Adjustments and Learner Support	• The RTO identifies any reasonable adjustments required by candidates during the Pre-Training Review that includes LLND test prior to commencement of training.
	• During the course of a learner's study, any additional needs of learners are identified and addressed, where possible.
	• In responding to the learner's needs, the RTO provides reasonable adjustment and support to learners in a number of ways as follows, but not limited to:
	  o Taking into account language, literacy and numeracy requirements.
	  o Making adjustments to the physical environment or venue.
	  o Considering age, gender; cultural beliefs and background, traditional practices, religious observances.
	  o Considering learners with disability(ies).
	  o Deferment of study.
	  o Help with a Special Consideration application.

	o Assistance with study skills through practical advice.
	o Monitoring course progress
	In addition, support on assessment arrangements are provided as follows, but not limited to:
	o Scheduling flexible assessment sessions.
	o Providing assessment materials in a variety of formats (large fonts, electronic, symbols).
	o Providing LLND support.
	o Arranging for or allowing a member of their community to be present at the assessment, if required.
	o Revising planned assessment methods and tools including assessment process or context that meet the individual needs of the person with a disability, but do not change or compromise competency outcomes.
	o Provision of additional support, coaching or tutoring and the opportunity to re-submit the work where a learner's work is assessed to be 'not satisfactory' on a given assessment task or may have been deemed 'Not Yet Competent' on a unit of competency.
	o Learners are given adequate time to work on assessments and projects.
	o When conducting assessments with individuals with disabilities, assessors are encouraged to apply good with sensitivity and flexibility.
	o Additional training and tutorials, if required.
	o Referral to further learner support service or external counsellors.
	• Trainer/Assessors are mindful of any ongoing requirements to make reasonable adjustments based on individual learner circumstances as they arise.
	• Reasonable Adjustment requirements will be recorded on the assessments and/or learner's file.
	• The reasonable adjustments provided must not compromise the quality of training and the requirements of the unit of competency or the qualification.
	• Staff available to learners to provide support services are trainers/assessors, RTO administration staff and management.
	• Assistance is available to learners via telephone, email and/or face-to-face.
	The RTO reserves the right to not provide reasonable adjustments if the costs to be incurred will cause financial hardship to the RTO.

20. Recognition of Prior Learning (RPL) and Credit Transfers

Demonstration of Competence through Recognition of Prior Learning (RPL)	Applicant's existing skills, knowledge and experience can help to attain a recognised qualification, through an assessment process called Recognition of Prior Learning (RPL). The process could suit the applicant if they have: • paid or unpaid work experience • prior formal training • skills and knowledge gained on the job • community work experience • short course and work-based learning • trade skills • other life experience. **Evidence you might need to supply** The RPL assessor will discuss with the applicant the most appropriate evidence the applicant can provide to support the application, this may include: • work appraisals • job descriptions • photos or actual work samples

	- relevant formal qualifications - resume and references - in-house training certificates - eye witness testimonies - observation at the applicant's workplace or a simulated workplace - informal RPL interviews. Please refer to MITP15 RPL and Credit Transfer Policy and Procedure for further details.
Credit Transfers (CT)	Credit Transfer is a process of recognising the applicant's previous formal studies that are equivalent to one or more units that form part of the qualification. The applicant will need to provide verified copies of Statements of Attainments or formal academic transcripts that list the units for which the applicant is seeking Credit Transfer. Please refer to MITP15 RPL and Credit Transfer Policy and Procedure for further details.

21. Certification Issuance and Statement of Attainments

Professional Recognition	- At the successful completion of the program, the learner will be awarded with the HLT55118 Diploma of Dental Technology qualification along with a transcript of units showing the assessment results. - At any point before the completion of the program, a learner may request a Statement of Attainment for each unit of competency where he/she has been assessed as competent.

Appendix 1 Delivery Schedule (sample)

Please refer the delivery and assessment information document, session plan for detailed information of each session.

Notes:
1. 'W' means week; 'W1' means Week 1
2. Classroom session: 2 days for 8 hours each and 1 day for 4 hours = 20 hours per week
3. Delivery location: RTO's classrooms (refer to Delivery Location section)

WEEK	UNIT CODE & TITLE	DELIVERY AND ASSESSMENT SCHEDULE
W1	**CHCCOM005** Communicate and work in health or community services	W1 - Learning activity and discussion regarding theory assessment and practical assessment. Assessment Task 1 – Written Test/Quiz: Knowledge evidence assessment Assessment Task 2 – Simulation Practical: Student role play on communication skills
W2	**CHCDIV001** Work with diverse people	W2 - Learning activity and discussion regarding theory assessment. Assessment Task 1 – Written Test/Quiz: Knowledge evidence assessment Assessment Task 2 – Case Study: Case study on various simulation scenarios and analysis Assessment Task 3 – Unit Project: Project on knowledge evidence assessment
W3	**BSBADM311** Maintain business resources	W3 - Learning activity and discussion regarding theory assessment. Assessment Task 1 – Written Test/Quiz: Knowledge evidence assessment Assessment Task 2 – Unit Project: Project on knowledge evidence assessment
W4	**BSBCUS301** Deliver and monitor a service to customers	W4 - Learning activity and discussion regarding theory assessment. Assessment Task 1 – Written Test/Quiz: Knowledge evidence assessment Assessment Task 2 – Unit Project: Project on knowledge evidence assessment
W5	**BSBRKG403** Set up a business or records system for a small business	W5 - Learning activity and discussion regarding theory assessment. Assessment Task 1 – Written Test/Quiz: Knowledge evidence assessment Assessment Task 2 – Unit Project: Project on knowledge evidence assessment Assessment Task 3 - Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment
W6	**HLTAID011** Provide first aid	W6 - Learning activity, discussion regarding theory assessment, simulation demonstration and practical assessment

		Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment
W7, W8	**HLTINF006** Apply basic principles and practices of infection prevention and control	W7 - Learning activity and discussion regarding theory assessment W8 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Unit Project: Project on knowledge evidence assessment
W9, W10	**HLTWHS003** Maintain work health and safety	W9 - Learning activity and discussion regarding theory assessment W10 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W11, W12	**HLTDET001** Construct models	W11 - Learning activity and discussion regarding theory assessment W12 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W13, W14	**HLTDET002** Construct custom impression trays	W13 - Learning activity and discussion regarding theory assessment W14 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment

W15, W16	**HLTDET005** Construct thermoformed bases and appliances	W15 - Learning activity and discussion regarding theory assessment W16 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W17, W18	**HLTDET003** Construct registration rims	W17 - Learning activity and discussion regarding theory assessment W18 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W19, W20	**HLTDET004** Articulate models and transfer records	W19 - Learning activity and discussion regarding theory assessment W20 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W21 ~ W25	**Term Break and Re-Assessment period (5 weeks)** **Workplace Task Assessment for HLTWHS003 is allocated during this period**	
W26, W27, W28	**HLTDET013** Construct oral splints	W26 - Learning activity and discussion regarding theory assessment W27,28 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment

W29, W30, W31	**HLTDET012** Construct orthodontic appliances	W29 - Learning activity and discussion regarding theory assessment W30, W31 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W32, W33, W34, W35	**HLTDET007** Construct orthodontic appliances	W32, 33 - Learning activity and discussion regarding theory assessment W34, 35 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W36, W37, W38	**HLTDET014** Repair and modify dentures and appliances	W36 - Learning activity and discussion regarding theory assessment W37, 38 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W39, W40, W41, W42, W43, W44, W45	**HLTDET015** Construct complete removable acrylic dentures and appliances	W39, 40 - Learning activity and discussion regarding theory assessment W41, 42, 43, 44, 45 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W46 ~ W51	**Term Break and Re-Assessment period (6 weeks)**	
W52, W53, W54	**HLTDET006** Construct immediate dentures	W52 - Learning activity and discussion regarding theory assessment

		W53, 54 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W55, W56, W57, W58, W59, W60, W61	**HLTDET008** Construct cast alloy removable partial denture framework	W55, 56, 57 - Learning activity and discussion regarding theory assessment W58, 58, 60, 61 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W62, W63	**HLTDET010** Join alloy structures	W62 - Learning activity and discussion regarding theory assessment W63 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W64, W65, W66, W67, W68, W69, W70, W71	**HLTDET009** Construct crown and bridge structures	W64, 65, 66, 67 - Learning activity and discussion regarding theory assessment W68, 69, 70, 71 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W72 ~ W76	**Term Break and Re-Assessment period (5 weeks)**	
W77, W78, W79, W80, W81, W82, W83	**HLTDET011** Construct ceramic and fixed restorations	W77, 78, 79 - Learning activity and discussion regarding theory assessment W80, 81, 82, 83 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment

		Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment
W84, W85, W86, W87	**HLTDET016** Design digital dental restorations and appliances using computer-aided design (CAD)	W84, 85 - Learning activity and discussion regarding theory assessment W86, 87 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment Assessment Task 3 – Assignment: Knowledge evidence assessment
W88, W89	**HLTDET017** Construct dental restorations and appliances using computer-aided manufacturing (CAM)	W88 - Learning activity and discussion regarding theory assessment W89 – Learning activity, simulation demonstration and practical assessment Assessment Task 1 – Written Test: Knowledge evidence assessment Assessment Task 2 – Simulation Practical Tasks: Simulation practical tasks and observation on knowledge and performance assessment
W90 ~ W95	**Term Break and Re-Assessment period (6 weeks)**
