16. Workplace Experience Placement

Workplace Experience Placement

As part of this course, learners will also be required to undertake practical placement for a minimum of 200 hours over 5 weeks (40 hours per week). During this placement, learners will be involved in providing support for people and to participate in group activities or 1:1 client support as well as to gain community access, and social inclusion. Access to organisational policies and procedures will be arranged by workplace supervisor. The trainer will contact the learner and the workplace supervisor from time to time (as agreed in the work placement agreement) to check progress. Learners cannot progress into the practical work placement of the course until they have successfully completed all assessment requirements for the theoretical component and have demonstrated appropriate skills required for practical work placement.

Menzies Institute of Technology will assist the learner in finding the suitable workplace. Menzies Institute of Technology will liaise with the workplace to ensure that the participant is suitably supervised at the centre. During the practical placement, the learner will be assessed in the practical skills. The work placement will be unpaid (however can be negotiated) and the daily working hours will be negotiated between learners and the centre.

The time spent by the learner in work placement in this course is critical to ensure that the learner participates in regular work over the course duration. This is necessary to allow for a workplace context in the assessment and workplace observation which is a requirement for every unit. All learners are required to maintain a work placement logbook to record their worked hours and record of practical tasks completed.

Learners who are already working in the community services support sector in an approved centre-based care are encouraged to use their existing workplace to complete these practical placement hours providing it meets the requirement's necessary to conduct assessment and approved by Menzies Institute of Technology.

The learner must also provide prior to commencement of Work Placement allocation for the following at their own cost:

- Provide proof of up to date immunisation
